

Prenatal Care: Leticia's Story

Thank you to Nebraska Senators and partner organizations for support of legislative bill (LB599) that establishes Medicaid coverage for low-income babies who were not otherwise covered. *But we still need your help!* Join us in our expansion of our women and prenatal services. Your donation, no matter the amount, will assist us in providing care for all. **Together we can make a difference!**

Make a difference!

OneWorld's prenatal wish list

- \$200** will buy a mother's ultrasound
- \$125** will buy a pack-n-play for a family in need
- \$75** will buy a quad screen test to check for birth abnormalities
- \$30** will buy a physician visit
- \$10** will buy diapers

"I have been a patient at OneWorld Community Health Centers, Inc., since 2005 when I was pregnant with my first child, and I have been very impressed with the care I have received. My doctor always makes time for me, calling to check on me and walking me in and out of the office. There is no doubt that the entire staff at OneWorld really cares about their patients and I am very grateful for the work that they do. Their work in offering prenatal care after Medicaid was discontinued in Nebraska and helping restore coverage in 2011 (LB 599) is one of the reasons I came to OneWorld in 2005, why I came to OneWorld for my other pregnancies, and why I still go there today. OneWorld's work in restoring prenatal care is one of the greatest examples of how much they care for their patients."

OneWorld receives Patient Centered Medical Home Certification!

The National Committee for Quality Assurance (NCQA) is a private, non-profit organization dedicated to improving health care quality. NCQA accredits and certifies a wide range of health care organizations and recognizes clinicians in key clinical areas. The organization has developed an

innovative certification program for improving primary care called the Patient-Centered Medical Home model. In a set of standards that describe clear and specific criteria, the program gives practices information about organizing care around patients, working in teams and coordinating and tracking care over time.

Led by OneWorld Nursing Director Taina Brooks, the clinic recently applied for certification, a significant accomplishment for our staff, OneWorld strives to achieve the best possible care for our patients!

WIC Spotlight

by Dawn Balloosingh,
RD, LMNT

The OneWorld WIC (Women, Infant and Children) program, located on 25th L, evaluates the needs of pregnant or breastfeeding women and children ages zero to 5 years old, for health and nutrition risk and provide a prescriptive food package for their health needs. The WIC supplemental food package is packed with a balance of nutritious foods beginning with fresh fruits and vegetables, whole grain breads, tortillas and brown rice; proteins and healthy fats are supplied by way of low-fat milk, eggs, beans and peanut butter. Additionally, our team provides education and activities which help both parents and children develop healthier eating and lifestyle choices, through Breastfeeding support group, as breastfeeding has a positive effect on reducing child obesity; the "Toddler Learn & Play" activity, and collaborations with the South YMCA and the Alegant Health Initiative "Healthy Families" whose intervention caters to improvements for older overweight children through a family centered approach.

DID YOU KNOW?

In 2011, our prenatal care program welcomed 1,171 female patients resulting in the birth of 634 children by our skilled physicians and nurse midwives. Our midwifery program became the largest program in the State of Nebraska.
